

Polina Pikalova

Junior Front-End Developer

St.Petersburg,FI | +1(954)699-8140 | pikalova.developer@gmail.com | <https://github.com/Poly1999>

<https://www.linkedin.com/in/polina-pikalova-366148375/>

Motivated and passionate Junior Front-End Developer with a strong foundation in HTML, CSS and JavaScript. Recently completed several personal projects showcasing skills in responsive design, UI development, and modern web practices. Highly driven to grow professionally, eager to contribute to a dynamic team, and committed to delivering clean, efficient, and user-friendly solutions.

TECHNICAL SKILLS

Front-End: HTML5, CSS3, JavaScript (ES6+), React, BEM, Responsive Design

Version Control: Git, GitHub

Tools & Workflow: Figma, Chrome DevTools, VS Code

Other: JSON, REST API Basics, Cross-Browser Compatibility, Debugging

RELEVANT EXPERIENCE

Projects — Front-End Developer

April 2025 - Present

- **To-Do List App** - (React, JavaScript, CSS, React Hooks)

Developed a responsive task management application using React. Implemented features such as adding, deleting, and tracking tasks with a real-time counter. Utilized React Hooks for state management and designed a clean, user-friendly interface. Deployed the application using Vercel for seamless online access.

Live Demo: reactthirdproject.vercel.app | **GitHub:** github.com/PolinaPikalova/todo-app

- **Beauty Zone Landing Page** - (HTML5, CSS3/SCSS, JavaScript, BEM, Responsive Design)

Developed a responsive multi-section landing page for a cosmetic clinic with a modern, user-friendly design. Implemented an interactive slider using Swiper.js, a modal booking form, and a mobile-friendly burger menu. Integrated Google Maps for location display and optimized the layout for seamless performance across devices. Designed and structured the code using the BEM methodology and best practices in front-end development.

Window & Door Company — Office Manager

December 2022 - October 2023

- Improved workflow efficiency by 20% by organizing schedules and coordinating tasks.
- Communicated with clients and suppliers, developing strong problem-solving and time-management skills.
- Worked in a fast-paced environment, prioritizing multiple tasks and meeting tight deadlines.

VK Dance School — Front Desk

January 2024 - September 2024

- Managed client registration and scheduling, maintaining accurate records and improving service efficiency.
- Developed customer support and teamwork skills by assisting students and staff daily.

EDUCATION

GENIUS SPACE — Fullstack Developer

2025 - Present

- I conducted hands-on projects while learning Fullstack development. My work focused on building interactive web applications using HTML, CSS, and JavaScript, exploring how user-centred design principles can improve user experience and preparing to integrate React and backend technologies for full-stack solutions.

NATIONAL TECHNICAL UNIVERSITY «KHARKIV POLYTECHNIC INSTITUTE»

2016 - 2021

Chemical and bioengineering | Master's Degree
